

Decision 01-10-015 October 10, 2001

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the application of Abdul-Wahhab Abdullah dba Quick Shuttle Service to transfer his PSC-11543 certificate to Mohsen M. Ahmed and to establish a Zone of Rate Freedom.

Application 01-07-010
(Filed July 12, 2001)

O P I N I O N

Summary

This decision grants the application to transfer, pursuant to Pub. Util. Code § 851 et seq., a passenger stage corporation (PSC) certificate from Abdul-Wahhab Abdullah (Transferor), an individual, to Mohsen M. Ahmed (Transferee), an individual. Transferee is authorized to establish a Zone of Rate Freedom (ZORF), pursuant to Pub. Util. Code § 454.2.

Discussion

Transferor holds a certificate of public convenience and necessity (CPCN) to operate as a PSC, as defined in Pub. Util. Code § 226. The certificate authorizes Transferor to transport persons and their baggage on an on-call basis between points in the counties of Contra Costa, Alameda, and San Francisco, on the one hand, and San Francisco (SFO), Oakland (OAK), and San Jose (SJC) International Airports, on the other hand. This authority was granted by Decision (D.) 98-09-010 as described in Appendix PSC-11543.

Transferor and Transferee entered into a Purchase Agreement wherein the Transferor will sell his PSC certificate, trade name, and goodwill pertaining to the transportation business to Transferee. The total purchase price is \$4,000.

Applicant also requests authority to establish a ZORF of \$10 above and below any of the authorized fares of \$20 and under, and \$15 above and below the authorized fares above \$20, shown in Local Passenger Tariff No. 1, CA PUC 1, filed by the Transferor with the Commission. The minimum one-way adult fare is \$5. Applicant will compete with other PSCs, taxicabs, limousines, buses, and automobiles in his service area. The establishment of the ZORF is fair and reasonable.

Notice of filing of the application appeared in the Commission's Daily Calendar on July 17, 2001.

In Resolution ALJ 176-3068 dated August 2, 2001, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3068.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Findings of Fact

1. Transferor is operating as a PSC pursuant to a CPCN described in Appendix PSC-11543 of D.98-09-010.
2. Transferor has agreed to transfer the CPCN described in Appendix PSC-11543 to Transferee.

3. Transferee also requests authority to establish a ZORF of \$10 above and below any of the authorized fares of \$20 and under, and \$15 above and below the authorized fares above \$20, as shown in the Tariff, filed by the Transferor with the Commission. The minimum one-way adult fare is \$5.

4. Transferee will compete with other PSCs, taxicabs, limousines, buses, and automobiles in his service area. The establishment of the ZORF is fair and reasonable.

5. The proposed transfer will not be adverse to the public interest.

6. No protest to the application has been filed.

7. A public hearing is not necessary.

8. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. The proposed transfer is in the public interest and should be authorized.

2. The request for a ZORF should be granted.

3. Before Transferee changes any fares under the ZORF authorized below, Transferee should give this Commission at least 10 days' notice. The tariff should show between each pair of service points the high and low ends of the ZORF and the then currently effective fare.

4. Since the matter is uncontested, the decision should be effective on the date it is signed.

Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
